Ref: Install WordPress http://codex.wordpress.org/Installing_WordPress

- **Upload via FTP:**

Unzip the .zip file that you have downloaded to your computer and upload to your server via FTP to the plugin directory of your wordpress installation (wp-content > plugins).

- **Upload via WordPress Admin:**

Go to your wordpress admin panel, and then click to plugins. Click on "AddNew" and then upload the zip file of the plugin with the Upload Plugin button.

- **Activate the Plugin**

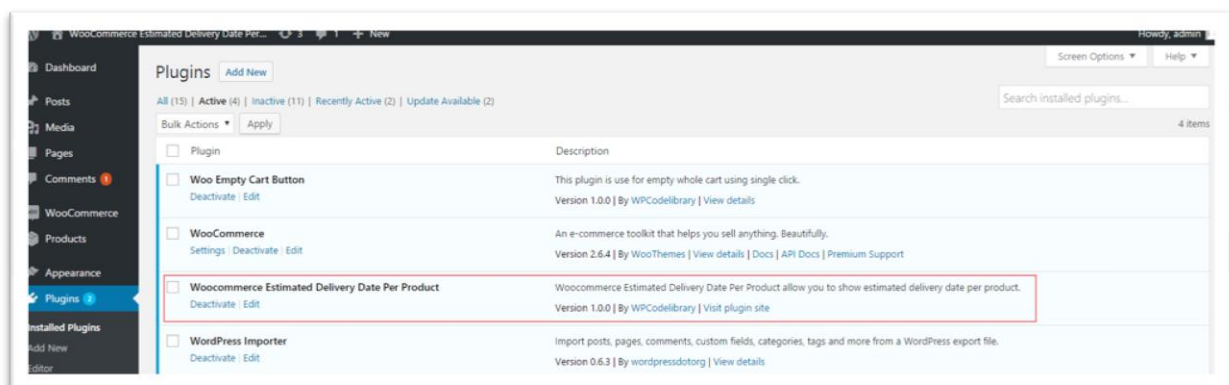

Once you uploaded your plugin successfully you will find **WooCommerce Estimated Delivery Date Per Product** in your plugin list. Click on activate That's It!

How to setup and use plugin?

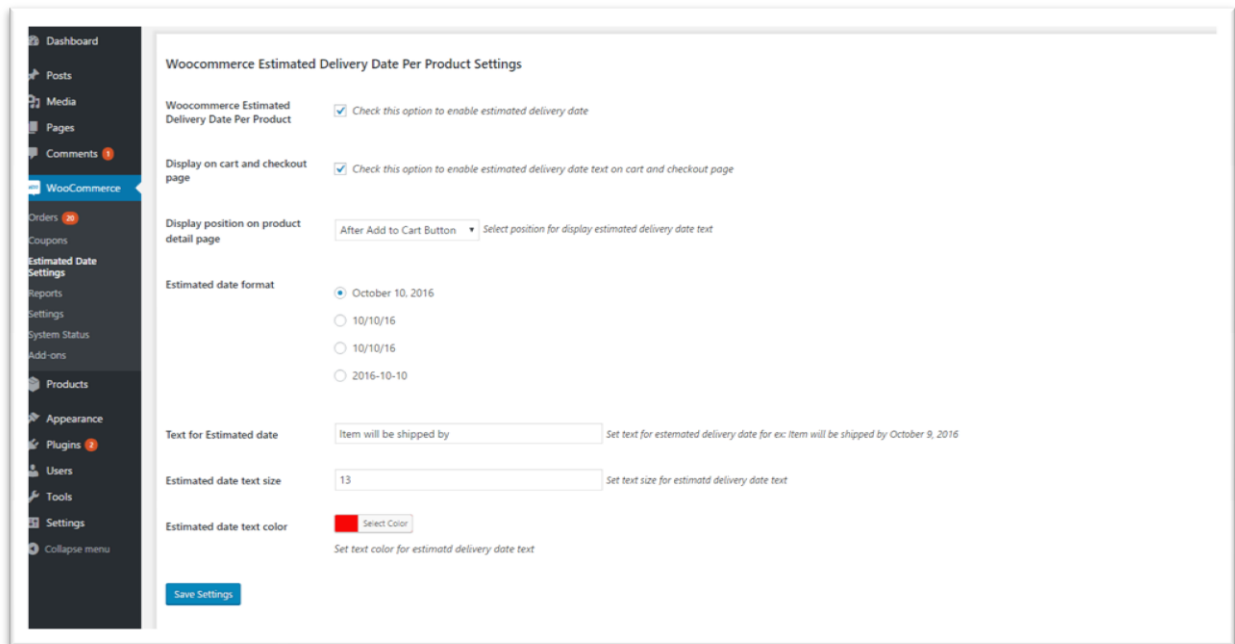

- **Setting up a plugin is very easy and user friendly. Once you activate the plugin you will find 'Estimated Date Settings' under the WooCommer menu. There you will have all necessary plugin settings available which are required.**

Please see below screenshots for more understanding.

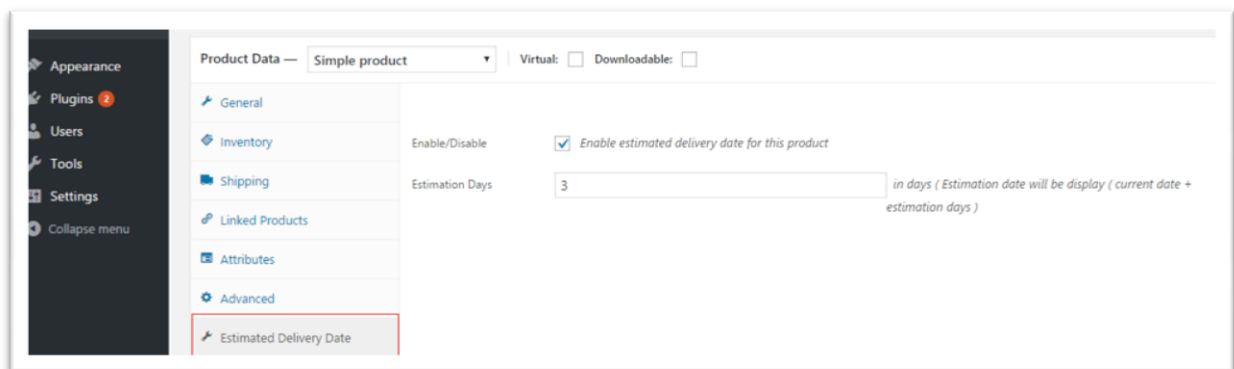

1. Screenshot (Plugins list)

2. Screenshot (Estimated Delivery Date settings page)

3. Screenshot (Set estimated date for simple product (type))

4. Screenshot (Set estimated date for variable product type)

The screenshot shows the 'Product Data' section for a 'Variable product'. The 'Variations' tab is active, and the '#41 Black' variation is selected. The 'Enable/Disable' section is highlighted with a red box, showing the checkbox 'Enable estimated delivery date for this product' is checked. Below it, the 'Estimation Days' field is set to '4' in days. The text below the field reads: 'days (Estimation date will be display (current date + estimation days)'. Other visible fields include 'Regular price (£)' set to 35, 'Stock status' set to 'In stock', and 'Weight (kg)' set to 0. The 'Save changes' button is visible at the bottom.

5. Screenshot Plugin in Action (Estimated date text on product detail page)

The screenshot displays a product page for 'Woo Single #2'. At the top left, there is a breadcrumb trail: [Home](#) / [Music](#) / [Singles](#) / [Woo Single #2](#). A search bar is located at the top right. The product image shows a CD case with 'Woo' written on it. A green 'Sale!' badge is in the top left corner of the image area. Below the main image is a smaller thumbnail of the CD. The product title is 'Woo Single #2' with a 5-star rating and '(2 customer reviews)'. The price is shown as £3.00 crossed out and £2.00 in green. The description contains placeholder text: 'Pellentesque habitant morbi tristique senectus et netus et malesuada fames ac turpis egestas. Vestibulum tortor quam, feugiat vitae, ultricies eget, tempor sit amet, ante. Donec eu libero sit amet quam egestas semper. Aenean ultricies mi vitae est. Mauris placerat eleifend leo.' Below the description is a quantity selector set to '1' and an 'Add to cart' button. A red text box highlights the estimated shipping date: 'Item will be shipped by **October 13, 2016**'. An arrow points from a red text box at the top right to this date. The red text box at the top right contains the following text: 'Date will be current date + days you set from product detail page For example current date is 10 th october 2016 and you set 3' for delivery then date estimated date will be 13th october 2016'. Below the date is the text 'Categories: [Music](#), [Singles](#), [testcat](#)'. On the right side, there are sections for 'RECENT POSTS' (with a link to 'Hello world!'), 'RECENT COMMENTS' (with links to 'A WordPress Commenter on Hello world!', 'Maria on Woo Ninja', 'Maria on Premium Quality', 'Maria on Woo Logo', and 'Maria on Ninja Silhouette'), and 'ARCHIVES' (with a link to 'August 2016'). At the bottom left, there is a note: 'Text which is set from global settings in admin' with an arrow pointing to the bottom of the product image area.
